## CHAMBER OF COMMERCE PLANS TO BOOST CITY

President Gude Announces Appointment of Chairman of Various Committees for 1914.

## GRANT RE-ELECTED SECRETARY

"Aggressiveness for 1914" was the slogan sounded at the first meeting of the board of directors of the Chamber of Commerce called by its newly elected executive, William F. Gude, last night. Practically every member of the board was present and responded to the typical "Gude enthusiasm" which pervaded the meeting.

R. N. Harper, chairman of the manufacturers' committee, was prominent among those who took up the cry for more wealth-producing industries for Washington.

President Gude announced the appointment of the following chairman of the various committees for 1914:

Membership committee, Isaac Gans; building, W. C. Johnson; and P. T. Moran; vice chairman, manufacturers, R. N. Harper; wholesale trade, A. J. May; law and legislation, a Leftwich Sinclair; municipal legislation, Chapin Brown; audit, Albert Schultze; American State, Albert Schultze; building industries, Oliver Metzger; and T. H. Melton; vice chairman, charities, R. P. Andrews; conventions, E. C. Reed; District finance, F. C. Handy; House, H. M. Kaufman; public health, Dr. H. M. Kaufman; public schools, Charles W. Clagett.

The executive committee will be W. F. Gude, D. J. Kaufman, P. T. Moran, James F. Oyster, D. J. Callahan, B. W. Guy, Chapin Brown, A. L. Sinclair, John F. Ryan, Washington Topham, and M. A. Leese.

## CHARGES AGAINST POLICEMAN

Maj. Sylvester Investigating His Conduct in Arresting Miss Downer.

Maj. Richard Sylvester, superintendent of police, is investigating the charges of Miss Frances A. Downer, a wealthy property owner at Vermont avenue and N. Street, that she was falsely arrested Thursday afternoon by Policeman Castle, of the Second precinct, because she slapped a colored boy who had kicked her dog.

Charges of allowing her dog to run at large without a muzzle, and disorderly conduct, have been placed against Miss Downer, and she will be tried in the Police Court next Thursday. Yesterday afternoon Miss Downer filed complaint against Policeman Castle with Maj. Sylvester. Miss Downer was forced by the policeman to ride in a patrol wagon. He refused to allow her to go to her home, a short distance, where she had been arrested, to get her pocketbook, nor permit her to walk to the precinct station.

## RULING ON STAFF WORK.

Council of A. F. of L. Decides Dispute Between Organizations.

"Who's who in the erection of the staffs on the exposition grounds at San Francisco?"

This was the question presented for solution at the meeting of the executive council of the American Federation of Labor yesterday. The dispute was raised by the United Brotherhood of Carpenters and Joiners and the Operative Plasterers' Association. The respective claims of the two organizations, and the executive council ruled as follows:

That the erection and nailing of staff work be done by the plasterers, the putting up and fastening of staff work in place by wire, plaster, and other process be done by the plasterers, and that the pointing, patching, and repairing of all staff work belong to the plasterers.

## NO TRACE OF HARRISON.

Police Also Fail to Find Clues of Miss Malone's Whereabouts.

Having run down many clues that promised to lead to the arrest of Sidney B. Harrison and Alice E. Malone, former employees of the brokerage firm of N. L. Carpenter & Co., the police yesterday sent out several thousand descriptive circulars, announcing: "These persons have been employed for years about banks and stock brokerage offices, and are likely to be in the city. They are wanted for the purpose of their arrest. No doubt seek such employment."

Not the slightest trace of the couple has been found. At one time the police had a clue that looked good. It is alleged Harrison embezzled \$2,000 and Miss Malone \$5,000.

## UNREST IN THE RAND.

More Trouble Feared in South African Mining District.

Special Cable to The Washington Herald. Johannesburg, Jan. 23.—Although the general strike is officially over, the unrest prevails throughout the mining country. The mines have not reopened and many of the miners have left for Rhodesia, Australia and England, fearing that disturbed conditions are likely to prevail for a long time to come.

Crowell, one of the leaders of the recent strike and a member of Parliament, has been sentenced to one month's imprisonment and to pay a fine of £20 for circulating seditious literature and conspiring to contravene martial law.

## PROTEST FIVE-CENT FARE.

Residents Oppose Extra Charge Between Somerset and District Line.

At a meeting of citizens of Somerset, Friendship Heights and Drummond at the home of Richard Ough, in Friendship Heights, plans were outlined last night for a general protest against the proposed five-cent fare on the Rockville electric line between Somerset and the District line, on which route heretofore no special fare was charged.

The committee will be appointed today to take the matter in charge.

## TOWN TOPICS VERSELY TOLD

The police are waging a relentless campaign against persons violating the dog-muzzling law. The Tenth precinct yesterday preferred charges against William J. Daniels, 1824 Columbia road; Morris Vesley, Executive apartments, Sixteenth and Newton streets northwest; Henry Story, 28 Sixth street, Takoma Park; and Horace Whitworth, 1221 Monroe street northwest.

Melvin Elliott, eighteen years old, of Walkers' Chapel, Va., is at Georgetown University Hospital in a serious condition as a result of accidentally shooting himself with a gun yesterday at the Virginia end of Chain Bridge. His serious condition has attracted attention and passersby called the Seventh police precinct. The police patrol took him to the hospital, where he was found a load of shot had entered his neck and chest.

Charged with selling morphine, Edward Haines pleaded guilty in the Police Court yesterday and was fined \$100 by Judge McIntown. He was arrested Thursday night at Ninth street and Pennsylvania avenue northwest, by Pharmacy Inspector R. A. Sanders.

Chicken thieves continue to operate about the city. Twelve fine Plymouth cars were stolen some time early yesterday morning from the back yard of Philip Clark, Eighteenth and Webster streets northwest.

Wealthy Washington relatives of "Tommy E. Johnston," an officer in the "American Rescue Workers" who died in Baltimore Tuesday, are being sought by the local police. According to the Rev. E. S. H. Gans, of 404 H street northwest, "Johnston" joined the Washington branch of the workers several years ago, and the name he gave is said to have been fictitious. It is said he comes from a well-known family here.

Joseph C. Findley, twenty-eight years old, bricklayer, of 202 I street southwest, was arrested yesterday by Detective J. G. Walsh, of the Seventh police precinct, on a charge of issuing several bad checks. It is alleged by the police that Findley, of Jefferson and M streets northwest, issued several checks for \$100, \$200, and \$500, which were cashed by Findley, two of which came back marked "no good."

The next regular meeting of the West End Citizens' Association will be held Monday night in Kidder's Hall, 822 Twenty-third street northwest. A number of important committee reports will be discussed, as well as the proposed arrangements for the annual dinner at the Powhatan Hotel on Monday, February 2.

An Overland automobile, belonging to John M. Keyser, of 715 Madison street northwest, was stolen yesterday from Thirteenth and G streets northwest. Up until a late hour last night the police recovered it. The machine was a black body, gray wheels, bearing District license No. 1677.

While playing about a latrobe at his home, 1014 Northampton street, R. Williams, five years old, yesterday received burns which may prove fatal. According to a report made to the police the boy put some newspapers in the latrobe, and his clothes ignited when the newspapers caught fire. His screams attracted his mother, who smothered the flames. Dr. J. H. Diggs, of 555 First street northwest, treated the boy's burns.

Claiming he had swallowed several highballs of mercury tablets, Albert Young, a soldier at Fort Washington, walked into 1209 C street northwest last night and told of his act, saying he did not expect to live long. At Emergency Hospital, where he was taken, physicians, after pumping out his stomach were uncertain whether he had swallowed mercury.

The annual religious services of the Order of the Commandery No. 5, Knight Templars, will be held at the Trinity Methodist Church tomorrow evening, January 25.

The next regular bimonthly meeting of the North Capitol and Eckington Circles Association will be held in Eckington Presbyterian Church, January 27.

"Teague Life with the Kiowas" was the subject of an address by James Mooney, of the Bureau of Ethnology, at the meeting of the Indiana Society in the Players' Club rooms, 1305 Pennsylvania street, last night. The lecture was opened with the "Indian Song," lead by Miss Mabel Stonebrake, of Frankford, Ind. The musical program included vocal solos by Miss Lillian Chenoweth and Arthur Pierce and piano selections by Mrs. Dorothy Housen Baxter.

## DR. J. J. KINYOUN LECTURES.

Says District Should Have a Diphtheria Anti-toxin Plant.

Washington should have a diphtheria anti-toxin plant, according to Dr. Joseph J. Kinyoun, bacteriologist of the District health department, who lectured last night at the Y. M. C. A. on "The Laboratory in Its Relation to the Health of the City." He told of how the first diphtheria anti-toxin was produced in Washington.

The big drug manufacturing houses persuaded the District government, he said, to quit the manufacture of anti-toxin on the proviso that they would furnish it cheaper than it could be made here. The companies after getting the District to quit making the anti-toxin at once raised the price.

## Struck by Engine and Badly Hurt.

Struck by a shifting engine at Riverdale, Md., late yesterday afternoon, William Bailey, seventy years old, a resident of that town, is at Providence Hospital in a serious condition. Four ribs on the right side were fractured and he received a deep cut on the back of the head. Bailey was taken to the city and taken to Providence Hospital.

## DR. KELLY DEFENDED BY CHAIRMAN FOSTER

Representative Says Surgeon Puts Fees from Radium Treatment into Public Fund.

## INSTITUTIONS ARE PLANNED

Chairman Foster, of the House Committee on Mines and Mining, incensed at the attacks on the administration program originated by Secretary of the Interior Lane, providing for Federal control of radium-bearing lands, interrupted the proceedings in his committee yesterday to tell of the work of Dr. Howard A. Kelly, of Baltimore, in the treatment of cancer by radium process. Dr. Kelly has been charged with mercenary motives in support of the administration effort to turn the radium production away from private interests. Mr. Foster said:

"Dr. Kelly is laying aside, out of the fees he is receiving for radium treatment, a public fund into it all of his profits, every penny of it. The purpose of this fund is to establish institutions for the treatment of cancer by radium process. In which sufferers, regardless of their ability to make compensation, can receive this treatment. Dr. Kelly is engaged in perfecting a process of extracting radium from pitchblende ore, which when completed he will give to the government without charge."

The charge of "mercenary motives" against Dr. Kelly was made by C. B. Willmarth, a Colorado mining prospector, who is opposed to Federal control. He insisted the government had been deceived by the statements of Dr. Kelly and his co-laborers. Mr. Willmarth said: "This agitation for Federal control has narrowed the possibilities for human benefit through the development of radium extraction because the doctors are refusing to buy the precious metal, bidding the government either will reduce the price or bottle it up for hospital use."

Mr. Willmarth insisted that monopolization of radium-bearing land is impossible. He asserted that there were more than 2,000,000 acres of radium-bearing lands in Colorado and Utah—enough to furnish radium for several centuries. J. M. Flannery, president of the Standard Chemical Company, recalled yesterday that as late as Thursday day he had chased five new claims to radium land and that he has a deal in prospect whereby he will obtain seventy more claims in Utah and Colorado. This would bring the Standard company's total up to 774 claims.

## CHAUFFEUR IS SENTENCED.

Fined \$300 or 150 Days in Jail for Violating Auto Rules.

A sentence of \$300 or 150 days in jail was imposed upon John A. Fallas, a taxicab chauffeur, in the Police Court yesterday after he pleaded guilty to five charges of violating the automobile regulations. Fallas told the court he took newspaper reporters out to Virginia "looking for a big fire" and when he returned to the city he had two drinks of whiskey to warm him up. Early Thursday morning he drove his machine through a street barricade at Seventeenth and B streets northwest, running down Bop Pritchard, a colored laborer. At Church street he collided with a horse and buggy.

## TROOPER SAVES CROWN PRINCE.

Maria Lunette as He Approaches Frederick William.

Berlin, Jan. 23.—An attack upon Crown Prince Frederick William, possibly with the purpose of assassination, was frustrated this afternoon by a soldier. A man believed to be a German attempted to approach the crown prince as he was alighting from an automobile at his palace, but was prevented by a sentry.

The man had entered the driveway unnoticed and was almost at the door of the automobile when he halted. The man was arrested and at the police station talked in a rambling fashion. He said his name was Leopold Salomon, his age twenty-six, and that he was a member of the crown prince's bodyguard. "I wanted to get some help from Prince Frederick William," declared the captive. "I didn't intend to kill him."

## CAPT. JOHN T. CHANCEY IN DYING CONDITION

Practically No Hope for Recovery of Aged Doorkeeper of the House.

Practically all hope has been abandoned for the recovery of Capt. John T. Chancey, for fifty-eight years doorkeeper of the House. At an early hour this morning it was said he was in a dying condition. Many Senators, Representatives and friends have called at his home, 965 M street northwest, but owing to his condition they were not permitted to see him. His wife, one daughter, Miss Lillie Chancey, and sister, Mrs. Emily Harper, are at his bedside.

Capt. Chancey is eighty-five years old and until October 15 he was able to discharge his duties as doorkeeper. When Capt. Chancey had completed half a century of service at the Capitol he was presented with a purse of \$2,000 by admirers. His illness is diagnosed as a general breakdown due to old age. Since he has been confined to his bed he has been visited by almost every member of Congress and employees of the House and Senate.
